MAKING DIY EASY

Customers like to make some of their do-it-yourself repairs themselves. Increase your revenue by referring them to Marcone for their fix-it-yourself parts. Hundreds of service companies across the United States are already experiencing the benefits of Marcone's My Parts Center (MPC) program.

Here is how it works:

Marcone supplies you with an exclusive toll-free number and 500 custom personalized decals to place on your company business cards or other marketing materials.

These stickers give you the fast start you need to see results. When your DIY customers call to place a parts order, our trained agents will answer the call on your behalf and help your customers get the parts they need. Marcone does all the research, shipping, billing and returns so you don't have to.

We reconcile quarterly and issue you a rebate for 15% of the net revenue.

It could not be easier:

Your $149 start-up fee includes your exclusive toll-free number and your personalized decals.

This is the best part: Your $149 is 100% refundable. Sell $1,000 in MPC parts in your first calendar year and we will send your money back.

No contract. No inventory or investment. No employees or training. Absolutely no work or hassle because we do it all, while you EARN 15% of all net revenue.
